

Rescue & Rehabilitation

Horse Feathers Equine Rescue is committed to providing a humane alternative for abandoned, abused, unwanted, neglected, or slaughter bound horses; to provide medical care, food, gentling, and training depending on individual circumstances increasing their potential for adoption.

Education

Horse Feathers secondary purpose is to provide education to prospective horse owners, current horse owners, youth or any interested party seeking to educate themselves about horses.

Horse Feathers sponsors and promotes educational, charitable and cultural events for disadvantaged children.

We need your help with:
Hay
Supplements
Vet Care
Volunteers
and Sponsors

Donations can be sent via PayPal at:

Kids Program

Horse Feathers is committed to helping kids become better adults, and citizens, by teaching them to be more responsible horse owners.

Horses selected for the program are carefully screened for temperament, and suitability for working around children. We emphasize safety when working around the horses as the paramount lesson. Not only do the kids learn safe handling techniques, but how to interact and perform daily care for their equine companions.

Volunteering & Sponsorships

We need volunteers who would like to spend time helping around the barn and also working with the horses: mucking stalls, cleaning buckets, grooming the horses, and socializing foals. We also need help with fundraising, clinics and educational programs.

You can sponsor a horse at Horse Feathers and help with their care along with rehabilitation. For as little as \$20.00 a month (although any amount is appreciated) you can provide grain and hay for a horse as we look for their forever home.
